

Use your notes and textbook to complete the following to prepare for your unit test.

Define the following terms...

Urban:
Rural:
Census Metropolitan Area (CMA):
Population Centre:
Urbanization:
Resource-Based Community:
Business Cycle:
Land Use:
Residential Land Use:
Transportation Land Use:
Commercial Land Use:
Industrial Land Use:

Institutional Land Use:

Recreational Land Use:

Urban Sprawl:

Greenbelt:

High Occupancy Vehicle (HOV) Lanes:

Smart Growth:

New Urbanism:

Green Technologies:

Telecommuting:

Ecological Footprint:

What are the population limits for each type of community?

Hamlet	Village	Town	City	CMA

What are the population limits for each type of **population centre**?

Small	Medium	Large

Why does Canada have a small population for its size (land area)?

--

What percentage of people live in large population centres? \_\_\_\_\_ %

What are the **3 largest population centres** in Canada?

--	--	--

What percentage of Canadians live in these 3 centres? \_\_\_\_\_ %

What are the two areas that make up "**Canada's Heartland**"?

--	--

Why were the first European settlers drawn to this area?

--	--

Today, Canada's Heartland is known for what **two kinds of activity**?

--	--

Why did so many **port areas** develop in Southern BC?

--

What are some other reasons why so many people settle in this area?

--	--	--

What percentage of Canadians live in **rural** communities? \_\_\_\_\_ %

What **primary industries** have most rural communities grown around?

--	--	--

What are some of the negative effects of living in **resource-based communities**?

--	--	--

What are some examples of **residential** land use?

--	--	--

What are some examples of **transportation** land use?

--	--	--	--

What are some examples of **commercial** land use?

--	--	--	--

What are some examples of **industrial** land use?

--	--

What are some examples of **institutional** land use?

--	--	--	--

What are some examples of open space land use?

--	--

What are some examples of **recreational** land use?

--	--	--	--

What are two challenges that are faced when planning land use?

What events led to the development of **suburb** areas?

What are some of the issues that come from cities growing in size?

What percentage of **smog** is caused by vehicles burning fuel? \_\_\_\_\_%

How do **HOV lanes** help decrease smog levels?

--

What are some ways that cities are trying deal with the amount of **waste** (garbage) being produced?

What are some ways that **Smart Growth** focuses on placing more people in smaller areas?

What are the principals of **Smart Growth**? Summarize each one.

What are some examples of **green technologies** being used in cities?

What are some benefits of **telecommuting**?

What is your **ecological footprint** measured in? \_\_\_\_\_

What are some of the factors that make up your ecological footprint?
